# ABOUT US

TRAVERTINOS LAGUNA is a leading Mexican natural stone supplier of limestone, marble and travertine. We are a young and revolutionary company dedicated to creating products that enhance residential and commercial spaces worldwide. Our vertically integrated process provides a competitive advantage in the natural stone industry, ensuring the highest quality standards are met during each step of the extraction and manufacturing process.

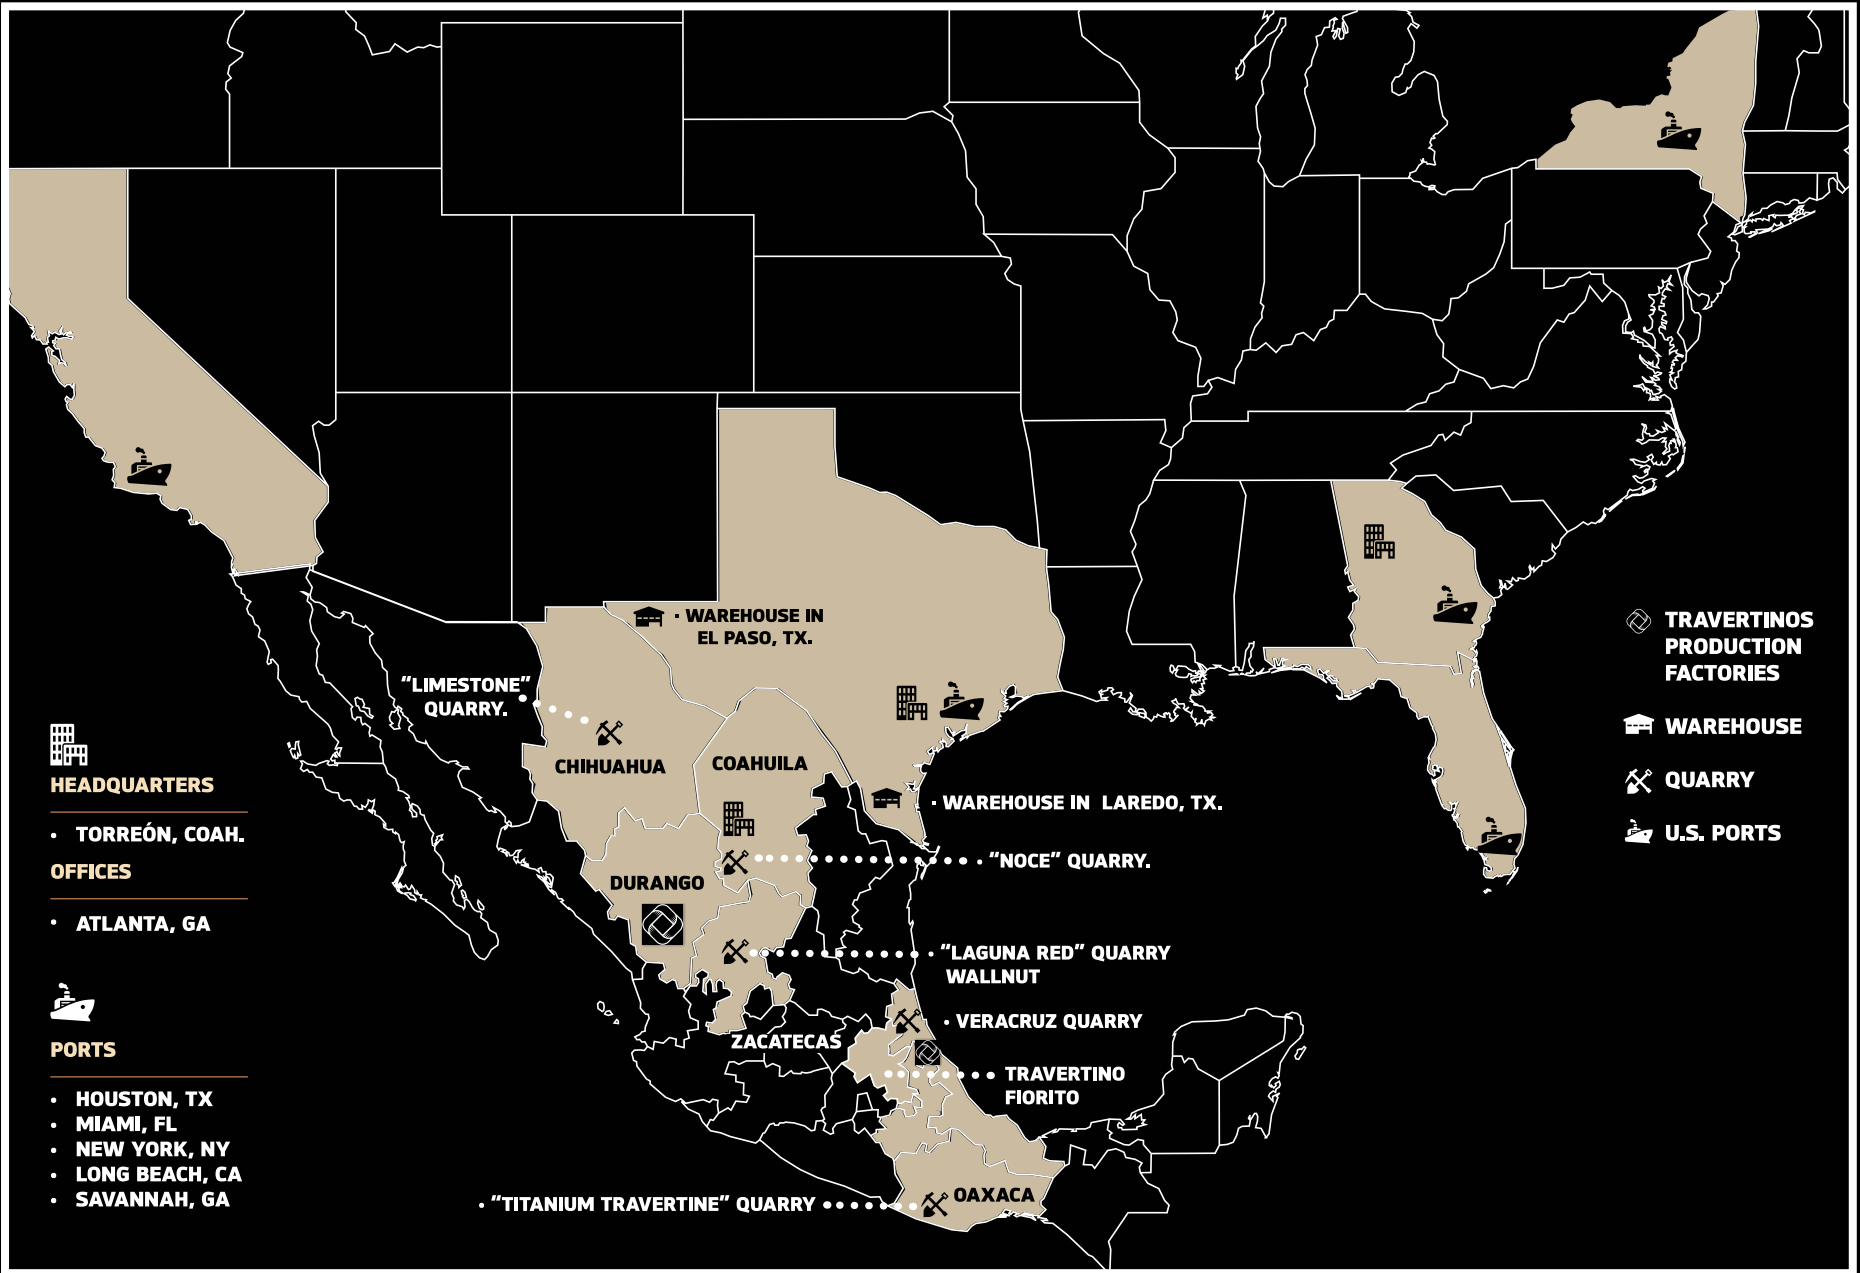

TRAVERTINOS LAGUNA utilizes technological advances to ensure the right product is in the right place at the right time. We work closely with major retailers to ensure consumer needs are met, designing and developing exclusive offerings to provide differentiation in the marketplace. Additionally, we partner with architects, builders and commercial clients to ensure high quality standards are maintained and project timelines are met.

## Mission

TRAVERTINOS LAGUNA is committed to being a leader in innovation and design, time-to-market technologies and to providing superior service to exceed the expectations of our customers and end-users.

# COUNTRY OPERATIONS

Our manufacturing plant is located in the State of Durango, México, near the State of Coahuila. The best way to get there from abroad is by air to Torreón International Airport (TRC), which offers daily flights from Dallas and Houston , Texas. The factory is only a 30 minute drive from the airport.

With our new plant located in the state of Veracruz , we are only a few minutes from the Veracruz Port.

# OUR PROCESS

## EXTRACTION FROM QUARRIES

Travertinos Laguna is a vertically integrated manufacturer of limestone, marble & travertine. We manage the entire process, starting with the natural stone extraction from company owned quarries to the fabrication and distribution. We ensure our customers and end-users receive the highest quality materials to meet their décor and architectural needs.

## FABRICATION & MANUFACTURING

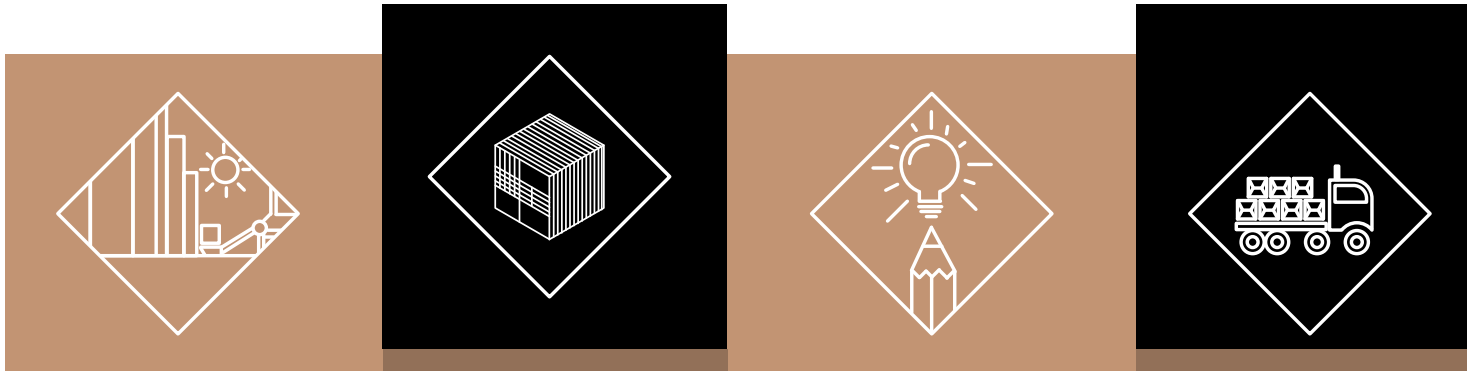

Travertinos Laguna has state-of-the-art manufacturing equipment. We are the only company in Mexico able to fabricate all types of travertine. Additionally, we offer a broad selection of marble and limestone to meet our customer's needs and to ensure we offer on-trend and innovative designs to end-users.

## PRODUCT DEVELOPMENT & DESIGN

Travertinos Laguna has a design team that combines in-depth knowledge of market trends with creativity to stay a step ahead of the competition. We capitalize on our consumer research and insight to assist with package design and trend projections, and to provide tools that facilitate simplifying the shopping experience and selection process for end-users.

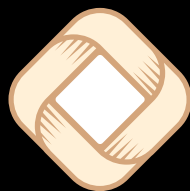

## PACKAGE DESIGN & FULFILLMENT

Travertinos Laguna assists retailers and distributors with making packaging improvements and developing private label brands that meet the demands of the marketplace. Travertinos Laguna's extensive history in the retail industry and experience with EDI & VMI ensures consumer-friendly packaging solutions and expedited time-to-market that guarantees our products are in the right place at the right time.
